The Lake

Lake Piediluco is one of the main tourist features of the Terni area. It is immersed in the greenery of the Umbrian hills with a particularly enchanting background scenery complimented by Mount Terminillo whose snow covered peak create a spectacular effect. The village of Piediluco is huddled in a curve of the lake beneath a forest from which it takes its name ("Lucus" in Latin means "holy wood"). On the top of the hill you will find the remains of the Albornoz fortress, built in the 14th century. The church of Saint Francis in the centre of the village is also of historical interest. Each year the "Festival of the Waters" takes place in Piediluco to celebrate the summer solstice with a regatta of traditional boats, fireworks and other events. Only a few kilometers from Piediluco you can find one of the most well known tourist attractions in Umbria: The *Marmore Waterfall*; a unique sight that over the years has provided the creative inspiration for writers, poets and painters. Terni is the main city of this area and it is famous because of its Patron Saint, Saint Valentine, the protector of lovers.

The 2016 edition

The Memorial Paolo d'Aloja International Regatta will be a good test for Teams for the start of the international rowing season. Many National Federations have already expressed their interest to participate. That is why we expect a high level of competition.

Piediluco Development Camp

As at the six past regattas, this year a FISA Development Training camp will take place before the regatta begins. The Italian Rowing Federation will assist the FISA Development Programme with a Training Camp for 20 athletes selected by FISA among those who have already qualified for the Rio 2016 Olympic Games during the qualification continental regattas, for a 10-day stay in Piediluco from 25 March to 3 April 2014

The Event History

Due to the unique environmental conditions: lack of wind and current, and a 2'200 metre rectangular stretch, the Italian Rowing Federation decided, at the end of 70's, to locate the National Rowing Centre in Piediluco where athletes can train all year round. The centre is an official venue for national and international competitions. One of the most known competitions is the Memorial Paolo d'Aloja, International Regatta established in the memory of Paolo d'Aloja, former President of the Italian Rowing Federation in the 70's and 80's. The regatta, since its first years, has been characterised by a good technical-competitive level thanks to the presence of numerous Olympic and world champions.
