## ***PI and VI Classification***

### **Documentation Deadline: 17 April 2021**

In order to request a classification appointment for a particular athlete, National Federations must submit medical documentation for that athlete via the World Rowing portal (<https://rowingtwo.sportresult.com/>).

This documentation must be submitted in English (or accompanied by a translation), and must include a FISA Medical Diagnostics Form (MDF), as well as all supplementary documentation as listed on page 2 of the MDF. Upon review of the documentation, additional documentation may be requested to verify that the athlete has a permanent and verifiable impairment that is eligible for para rowing.

**Failure to provide the required medical documentation by the deadline may result in the athlete not being classified and therefore not being able to compete at this event.**

### **Visual Impairment Classification**

- Will take place on **1 - 2 June 2021**
- **as the 2nd of June is a national holiday in Italy we do not guarantee that the hospital will be able to carry out all visits on this date.**  
**Therefore we recommend all the athletes to be available for June 1<sup>st</sup>**
- Classification will take place at Ospedale di Circolo Fondazione Macchi – Varese
- [Click HERE to download the VI Medical Diagnostics Form](#)

### **Physical Impairment Classification**

- Will take place on **1-2 June 2021**
- Classification will take place at the Gavirate Rowing Club
- [Click HERE to download the PI Medical Diagnostics Form](#)

Athletes must be available for classification between 9am and 5pm on all classification days. Due to the number of athletes needing classification, FISA cannot always accommodate specific appointment requests.

For questions regarding classification, or for instructions on how to use the portal, please email [classification@worldrowing.com](mailto:classification@worldrowing.com)

*\*Please note that due to COVID-19, we would like to minimize the number of persons onsite in Gavirate. As such, classification will be limited to athletes competing in Gavirate and athletes planning to compete in the Tokyo 2020 Paralympic Games with an expired sport class status.*

# Entries

For any queries on the entry process you can email at [iscrizioni@canottaggio.net](mailto:iscrizioni@canottaggio.net)

Please be reminded of the athlete eligibility requirements for the 2020 Tokyo Paralympic Games as outlined in [the Rowing Qualification Guide](#) by the International Paralympic Committee (IPC):

### *“ATHLETE ELIGIBILITY*

To be eligible for selection by an NPC, athletes must:

- have competed in at least one (1) official FISA competition between 1 January 2018 and 13 June 2021;
- be internationally classified either with a ‘Confirmed’ sport class status or a ‘Review’ sport class status with a review date after 31 December.”

We recognise that many Federations face challenges to meet these requirements during this pandemic. These are principles of the IPC and, as such, Member Federations facing challenges should write with specific details and explanations to their National Paralympic Committee with copy to World Rowing ([liz.soutter@worldrowing.com](mailto:liz.soutter@worldrowing.com)) for presentation to the IPC.

**For safety reasons due to the Covid-19 pandemic**, all members of the teams are expected to leave the regatta venue on **Saturday 5** or **Sunday 6** June after their race, and the regatta accommodation at latest by **Monday 7 June**.

The OC will not be responsible for those who decide to leave later than the above-mentioned dates. The OC will only provide airport transfers up to Monday 7 June.

Exceptionally, in case travel options are limited, please get in contact with the OC, who will consider and evaluate each specific situation.
